

Reduce the Spread of Noxious Weeds

Require Certified Noxious Weed Free Straw for
Road, Oil Drilling, Pipeline & Construction Projects

Ohio Seed Improvement Association (OSIA) is the only designated certification agency for Noxious Weed Free Forage and Mulch in Ohio by the North American Invasive Species Management Association (NAISMA)

Certification Requirements:

- OSIA inspects production fields & storage locations prior to harvest to verify they are free of listed noxious and other problem weeds
- OSIA issues certification labels or transit certificates to producers for bales harvested from qualifying fields
- Product traceability- tags & certificates are marked with unique serial numbers and identify the producer, crop type and field of production
